Ivan Sazontov

has successfully completed the online Specialization

The Art of Doing - Web Development for Beginners

Congratulations on successfully completing Web Development for Beginners! You've explored the essential tools of modern web development—HTML, CSS, and JavaScript—and built multiple hands-on projects. From semantic structuring and layout techniques to interactive JavaScript-powered websites, you've acquired a practical and thorough foundation. Whether you're looking to start a career or launch personal projects, you now have the skills to create compelling, user-friendly websites from scratch.

This certificate attests to the learner's completion of an online program delivered via Coursera. It does not constitute formal enrollment at any university or entity and does not itself grant academic credit, grades, or a degree. Institutions or organizations may, at their discretion, recognize this learning toward their own programs or credentials.
